

# Innovation You Can Trust.

The most advanced robotic surgery center is now open at Oroville Hospital.

Now, you're just a short drive from personal care you can trust. Minimally invasive surgery using the latest *da Vinci*<sup>®</sup> Si System is now available for residents north of Sacramento at the region's only Robotic Surgery Center... at Oroville Hospital.

The most advanced technology available provides an alternative to traditional open surgery and conventional laparoscopy, putting a surgeon's hands at the controls of a state-of-the-art robotic platform. The newest *da Vinci*<sup>®</sup> Si may provide even faster recovery, less pain and scarring, and a shorter hospital stay.

The Oroville Hospital Robotic Surgery Center, caring staff, a healing environment and powerful technology. **All so you can get back to living your life.**
